

HOW HE HEALS

Series: The Spirit-Led Life

Often when we think of the power of the Holy Spirit, we think of healings and miracles. This has begged the question from many: Does God still heal? We believe we serve a God who still heals and this weekend we unpacked what that often looks like in our lives.

Weekly Devotional:

5/30 - John 4:43-54 - In verse 48, Jesus makes a very honest assessment of the collective faith of the people he was around. Often it is our human condition to "need to see it to believe it". What healing, miracle, or prayer request would genuinely boost your faith to see it? How will it affect or has it affected your faith to not see it?

5/31 - John 5:1-9 - Jesus asks a very interesting and seemingly obvious question to the lame man, "Do you want to get well?" Why do you think Jesus asks this? How would you respond to this question? What role might Jesus ask you to play in your own healing or change?

6/1 - John 5:9-15 - It's interesting to see that Jesus doesn't even mention the pool when that is all this man wanted for 38 years. The man didn't need the pool he just needed Jesus. We often fall for the same lie though, "If you can just get in the pool, you too will live the dream." What pool are you most striving for? What will happen if you make it in? What would happen if you didn't?

6/2 - Isaiah 53:1-6 - If you truly love Jesus, this is a heart wrenching description of Jesus, who bore our pain, sin, and sickness on the cross. What pain, sin, or sickness are you most thankful he has saved you from eternally? Take a few minutes to thank you him for this in prayer.

6/3 - James 5:13-16 - What does this text teach us about being involved in other people's healing? What person can you reach out to today, to lay hands and pray for healing?

Challenge:

One Verse. One Voice. For each day's reading, pick one verse that stands out to you the most and meditate on it. Read it 5-10 times, each time slower and deeper. Consider its true meaning for us, and for you specifically. What is God speaking to you?
